SHRAB MEETING HELD IN BUTTE IN MAY

The first of the Montana SHRAB's biannual meetings was held at the Butte-Silver Bow Public Archives in Butte on May 26. All board members were present. The board heard reports on the status of the current administrative grant, including the scholarship awards and a poster to be printed this fall. Reports were also offered on the NEH Preservation grant the board received in January and the status of the Northwest Digital Archives.

In old project, board members discussed the need to update the current strategic plan and discussed ideas on how to accomplish that update. New projects introduced during the meeting including the possibility of future regrant projects and the 2005 administrative grant from NHPRC. A discussion of term expirations and renewals was also included.

The next board meeting will be held in conjunction with the annual Montana History Conference in October in Whitefish. For complete minutes of this meeting, please contact Molly Kruckenberg at mkruckenberg@state.mt.us.

SCHOLARSHIPS AVAILABLE TO ATTEND MONTANA HISTORY CONFERENCE IN OCTOBER

Through grant funding from the National Historical Publications and Records Commission, the SHRAB is pleased to announce the availability of two professional development scholarships. The scholarships will allow each recipient to attend the annual Montana History Conference in Whitefish, Montana, including the pre-conference workshops. The scholarships will cover the conference registration fee, travel costs, lodging and a per diem for food for two individuals. For information on the Montana History Conference, visit their website at <http://www.montanahistoricalsociety.org/education/histconf.asp>.

The scholarships will awarded based upon a demonstrated lack of funding for professional development and need for training. Applicants will be asked to complete a brief application form and submit it to the SHRAB for review. Applications are due October 4 and an announcement of the award will be made the second week of October. The application form and instructions are included in this newsletter. For additional information on the scholarships, contact Molly Kruckenberg at 444-7482 or mkruckenberg@state.mt.us

The Montana SHRAB will be sponsoring a full-day workshop on Best Practices for Historical Repositories in conjunction with the conference.

NORTHWEST DIGITAL ARCHIVES UPDATE

—Elizabeth Nielsen, NWDA Consortium Manager

The NWDA database of EAD finding aids will be available for users in July 2004. In preparation for public announcement of this enhanced access to archival and manuscript materials in the Northwest, the NWDA website is being re-designed and a new stylesheet is being programmed. A link to the search page for the finding aids database will be available from the NWDA homepage: <http://nwda.wsulibs.wsu.edu/>

As of mid-June, the database includes 872 finding aids from 12 repositories. The database will include more than 2500 finding aids by the conclusion of the project in December 2004.

A variety of activities have occurred during the spring of 2004 in preparation for the public launch of the NWDA database: Washington State University purchased and installed a new server to host the database, increasing search speed and delivery of retrieved finding aids. Stephen Yearl, Systems and Digital Resources Archivist at Yale University, was selected by the NWDA Executive Committee to refine and complete programming of a stylesheet for web presentation of the NWDA finding aids. This work will be completed by late June. The Usability Testing Working Group has developed an instrument for evaluation and testing of the NWDA database to begin in July.

NWDA project directors and other key personnel met in Olympia, Washington, in early May in conjunction with the Northwest Archivists annual conference. Staff from several NWDA institutions attended the SAA Stylesheets for EAD Workshop in Olympia on May 5-6. The Project Directors will have a final meeting for this grant period in Pullman, Washington, on Sept. 13-14.

Dissemination of information about the NWDA continued through the spring. Janet Hauck (Whitworth College) presented a well-received poster at the National Council on Public History and the Society for Environmental History joint meeting in Victoria, British Columbia in April. Jodi Allison-Bunnell (University of Montana) reflected on the changing tools for archival research and discussed the NWDA database in a session at *Continued on page 3*

COSHRD ISSUES LETTER SUPPORTING THE NEW ARCHIVIST OF THE U.S.

President Bush announced on April 8, 2004, his intention to nominate Allen Weinstein to become Archivist of the United States.

Some members of the COSHRC Board of Directors have communicated with Dr. Weinstein on several occasions since his nomination was announced. These discussions led the Board to recommend that COSHRC prepare a letter in support of Dr. Weinstein's nomination.

On July 16, 2004, COSHRC members in attendance at the annual business meeting in Phoenix unanimously accepted the Board's recommendation.

On July 20, 2004, a letter of support was faxed to Senator Susan Collins, Chairwoman of the Senate Committee on Governmental Affairs, which will hold hearings on Weinstein's nomination on Thursday, July 22. A copy was also faxed to Senator Joseph Lieberman, ranking member on the committee.
